**ATM**  
SOFTWARE

SOFTWARE

## Advantages

- Provide ATM Cash Withdrawal transactions using consumer device
- Transaction initiated by consumer using a valid transaction system – NFC / SMS / PIX / Card
- Issue any cash amounts authorised by new financial mechanisms

## Technology

- Modern technology and the latest NCR ATM machines. Same technology as offered by major high-street banks
- Wireless Solution Option – No Cable Connections to ATM required. Easy siting of ATM in environments such as airports, ferry ports and railway stations

## Indoor and Through the Wall

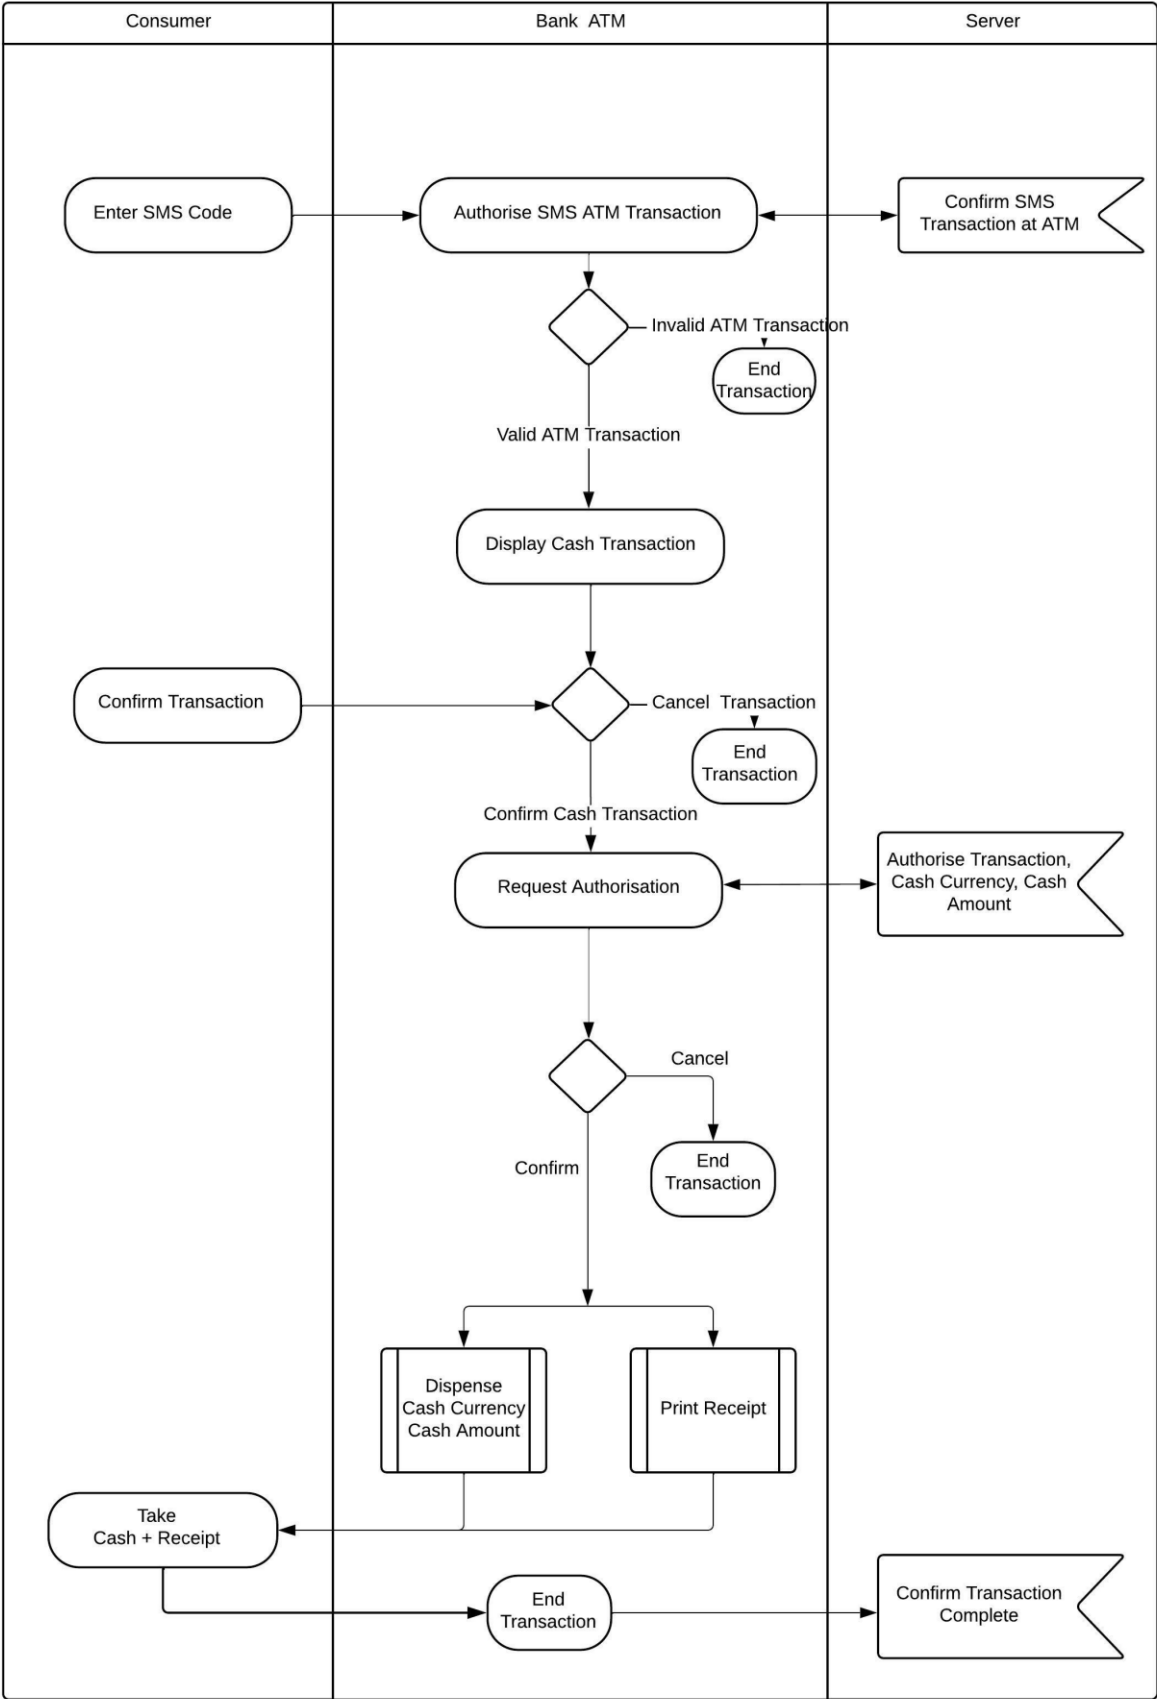

- The NCR SelfServ 22 and 26 Models enhances any interior office space with a minimal footprint. Ideal for very tight locations or where space is at an absolute premium
- The NCR SelfServ 25 is a through-the-wall machine with Dual-Dispense Capability. Up to 8 Cash Cassettes each with a different currency and denomination

## Software Solutions

- Unique ATM software solution easily connects to any business system
- Optional Management Station
- ATM does not need a Card Reader or, complex EPP Keyboards

# SMS Authorised ATM Cash Transaction Flow Diagram

## Advantages

- Leverages consumer experience with ATM's
- Uses new financial ecosystem devices – Smartphones / NFC / Contactless / SMS
- Bespoke ATM Software Solution with Optional Management Station
- Issue any cash amounts without the need for cards
